Schoolwide Title 1 Implementation Plan

August 2017

Overview

South Elementary became a Schoolwide Title 1 building in August 2017. Eligibility requirements of this program consist of: a) A minimum of 40% of the student population qualifies for Free or Reduced Lunch prices. b) All teachers and paraprofessionals meet the requirements of Highly Qualified educators. c) The eligible school must gather a team of stakeholders to create a schoolwide literacy implementation plan.

Benefits of Schoolwide Title 1 Programming:

Schoolwide Title 1 buildings have the ability to utilize their instructional resources in a flexible manner which serves the best interests and needs of our students. Our Reading Teachers are able to service any student at South Elementary through the Tier 3 WIN (What I Need) reading program. Additionally, our reading teachers have the ability to push in classrooms to provide supports to students and teachers in the area of literacy.

Goals

1. Implement a systematic response to intervention approach that includes a universal screener, well aligned progress monitoring tools, and research-based interventions that are matched with specific student needs.
2. Continue to build the capacity of teachers through ongoing professional development and by providing opportunities for teachers to work collaboratively in order to strengthen and implement reading instruction and interventions with fidelity.

South Elementary provides enriched and accelerated curriculum programs to meet the needs of all students. These programs consist of:

District-wide summer school program through Summer Adventure Club, Extended School Year, or July Camp; Before and After school tutoring; After School Kids Club; Children Always Love Books (CALB) reading program; Leading and Inspiring Families to Excel (LIFE) Club; Gifted Education (ALERT) program; Small Group Social Skills; Bi-weekly Counseling Classes; Xplore Fitness Club

For more information please contact our Planning and Review Team: Krista Birk (principal), Christine Zirges (Assistant Principal), Emma Rains and Lara Knowlan (Title 1 Teachers), Ashley Litzelfelner (Classroom Teacher), Laura McClard (Instructional Facilitator), and Jeana Roach (Parent)
