If not currently a Jackson R-2 District student, what school do you attend? _____

I would like to enroll in the Jackson R-2 Summer School Program. I do realize each student must follow all rules and regulations of the Jackson R-2 School District and must attend a minimum of 93% of scheduled class time. I am aware that any student who misses more than a total of 4 hours in any session will be dropped from the program. Students attending summer school will earn .5 credit per session successfully completed. I understand that normal school rules apply during summer school, including dress code and cell phone use.

Possible Course Offerings for Jackson High School Summer Session Grades 9-12

Current Dates for Summer School May 31st – June 21st

Morning Session 8:00 a.m. – 12:00 p.m.
Lunch (not provided) 12:00 – 12:25 p.m.
Afternoon Session 12:30 – 4:30 p.m.

Important - Students will be in attendance 16 school days. **Due to the short attendance period and the offering of credit during this time, required attendance is 93% of scheduled class time for receiving credit. This means the student can not miss more than one session (4 hours total).**

Normal school rules apply during summer school. The following frequently need to be clarified: Students should dress appropriately (No short shorts & No tank tops)

All course offerings are subject to change/cancellation depending on enrollment numbers and instructor availability. **For this reason it is important to enroll early!**

Possible Course Offerings: (Each session represents one semester of credit equivalent to a ½ credit towards graduation)

Morning:

Foundations of Algebra *
Algebra 1 *
Earth Science *
LA2 *
Recent US History (Soph & up)
Government (Seniors)
Short Story (Jr & Sr only)
Computer Apps (all grade levels)
Boys PE (all grade levels)
Girls PE ** (all grade levels)
Intro to Coding/Prog.**** (Soph & up)
Online Health (all grade levels)

Afternoon:

Geometry *
World History *
Physical Science *
Biology *
LA 3 *
Recent US History (Soph & up)
Government (Seniors)
Local History (all grade levels)
Ceramics (*Fine Art credit*) (all grade levels)
Health (taught on campus) (all grade levels)
Science of Everyday Life*** (all grade levels)
Business Econ***** (Soph & up)
Online Health (all grade levels)

*These courses will be remedial only. They will be offered only to students who have either failed the course or have not acquired the necessary knowledge level needed to move to a more advanced course. Students need to confirm their course selection(s) with their counselor.

**There will only be one section of Girl's P.E. offered. This is a high interest class and students needing this class to meet part of their physical education component towards graduation will quickly fill the available seats (i.e. incoming seniors). The next seats in this class will be reserved for incoming juniors as seats remain. Although it is possible that there could be remaining seats for incoming freshmen and sophomore students, it is unlikely. Please make sure you select alternatives if this is one of your choices.

****Science of Everyday Life* will count as a JHS science credit but will not meet NCAA clearinghouse standards for collegiate sports

*****Intro to coding/programming* this is a challenging course. Students should have a B or better in Alg 1 & Geometry

******Business Econ* - incoming sophomore's may take this course if they had a B or better in Algebra 1. This class is the weighted equivalent to personal finance, which is a required Junior level course.
